Freeman Bassett of the L. D. S. U. accompanied the team to the Temple city, and will act as an official for the Colorado team.

The complaint of the visitors seems rather peculiar in view of the fact that the Provo team has always played a clean fair game, and the visitors' work here with the champions was clean from beginning to end.

On Wednesday evening the L. D. S. U. team will meet the Boulder cranks at the theater again.

The L. D. S. U. champion basketball players will be in better shape on Wednesday evening to meet the Boulder team than they were on Friday evening. Christy's hand was badly crippled in the first meeting, but it is rapidly becoming strong again, and he will be a different man in the next contest. The Boulder boys have a job on their hands today in disposing of the team of Logan. They will return to Salt Lake immediately after the game.

New York, March 29.—President Gordon of the New York American league does not propose to depend upon the surface and elevated roads to carry all the patrons who desire to witness the games at the new park. He has just made arrangements with the New York Central railroad for a special baseball train during the season.

The train will be made up of a dozen or so coaches and will start from Penn-town at Thirtieth street and Third avenue. Then it will stop at Fifty-ninth and One Hundred and Twenty-fifth streets. The fare will be nominal.

CIVIL SERVICE. Commission Announces Special Examination for Clerks and Examiners.

Secretary Williams of the local civil service commission has received notice from Washington that residents of the District of Columbia and states and territories that have received their full share of appointments under the appointment system, that they will not be certified for appointment from this examination so long as there are satisfactory eligibles in the same subject who are residents of states and territories that are not in excess who will accept appointment.

The following states have at this time received their full share of appointments in the appointed positions: California, Colorado, Connecticut, Delaware, Idaho, Kansas, Maryland, Maine, Nevada, New Hampshire, Ohio, Vermont, Virginia, Wyoming and the District of Columbia.

The civil service commission announces a special examination for the purpose of establishing a suitable register of eligibles for clerks and examiners. It is expected that the number of additional positions of this kind, provided by Congress for the United States civil service commission, will be filled on July 1. Probably a more extensive examination will be held if eligible with suitable qualifications are secured. This examination will be given on April 21 and succeeding dates in the spring schedule of examinations.

This examination is open to all citizens of the United States who comply with the requirements, and offers excellent prospects of appointment to clerks employed in various departments of the government. The examination will be held at the following places: Washington, D. C., and at other places where rapid and accurate clerical work must be done, and to persons whose education and experience would tend to qualify them for some of the examining work of the commission, and for scientific or technical work in other offices.

Competitors will be rated without regard to their education other than the qualifications shown in their examination papers, and eligibles will be certified strictly in accordance with the limits set by the commission. The age limit is 20 years, and the preference in appointment will be given to eligibles under 40. The examination will be restricted to those who are in sound physical condition, and applicants will be required to furnish a medical certificate showing that they have no physical defects.
